

# RightNow Media Guide

At Point Church we use *RightNow Media* for most of our Life Group curriculum. RightNow Media is a wonderful resource that provides many high quality videos taught by respected pastors, teachers, and Christian leaders.

If you've never used RightNowMedia before, don't worry! Below are instructions for creating an account, setting up your devices, and accessing the content.

- 1** Create a RightNow Media account if you don't already have one. [Click here to do so.](#)
  - You can use RightNow Media on your phone or your Computer. However, to watch in person with your group, it is best to set it up on your TV.
  - Go [here](#) to see a list of supported devices with instructions on how to set them up.
- 2** Once on RightNow Media, click on "The Point Church" on the left side of the screen.
- 3** There you will find two lists of videos to choose from depending on what your Life Group is focused on:
  - The first list contains pastor approved Bible studies for many books of the Bible. RightNow Media constantly adds new studies to their growing library. So be sure to check back from time-to-time to see what might have been added!
  - The second list contains approved studies for various stages of life (i.e. Parenting, Men's, Women's, etc.).
- 4** For many, but not all studies, a Leader Guide and handouts for your group are included. These can be printed out or downloaded and shared.
  - You typically have questions and scripture to read *before* watching the video and discussion. So make sure to look ahead!
- 5** If you are meeting virtually, there is an option for someone to access the video and then share their screen with the group.
- 6** When looking for a new study to go through, you can begin by watching the trailers made for each series before deciding to dive in!
- 7** If you would like to go through a video series not on the lists, make sure you receive pastoral approval before beginning with your group.
